

ALLERGENS INFO

GLUTEN FREE

While we make every effort to minimise cross-contamination, please be aware that all our non-gluten options are prepared and cooked in a common kitchen with a risk of gluten exposure. Due to the high volume of foods containing gluten handled in the kitchen, we are unable to guarantee that non-gluten options are completely free of cross-contamination. We have a dedicated gluten free fryer and tacos can be cooked in a separate pan rather than on the grill on request, please let your server know.
